- Committee for Community Involvement (1st Tuesday, 5:30pm)
- Community Policing Advisory Commission (Meeting date/time TBD)
- Sustainability Commission (4th Thursday, 6pm)

What specific topics interest you that relate to the board(s)?

The Committee for Community Involvement interests me because I think it is very important to get input from the people that live here on decisions that are going to affect them. I imagine it's hard because we all have our lives and our busy but I love that FG has the foresight to have a committee designed to reach out and educate AND take back what they find to the council.

Community Policing Advisory Commission interests me because the climate that we are in now. I believe in our officers but I think they are required to play too many roles. Again I appreciate that FG has decided we need a committee to look into ways to make our law enforcement better for everyone.

Sustainability Commission - This is the other big topic these days is sustainability. How do we grow socially, economically without impacting our environment? I don't know the answer but I would sure like to help find out.

What contributions do you hope to bring to the board(s)?

I'm passionate about the state of world we're living in and I feel like I can start making contributions by being more involved in the community I live in and love. When I first moved out here with my husband it seemed so far from everything but I found I LOVE our small town. I love the community spirit and I want to help it out as much as I can

What ideas do you have for improving "Fair" or "Poor" performance?

Please select your top three preferences that fit with your schedule the best:

- Community Policing Advisory Commission (Meeting date/time TBD)
- Library Commission (3rd Wednesday, 6:30pm)
- Parks and Recreation Commission (3rd Wednesday, 7am)

What specific topics interest you that relate to the board(s)?

When selecting a commission or board that I would like to be a part of within our community I leaned toward selections that I am able to relate to, services I currently use within our city, and places I find I could be helpful towards improvement. As I grew up in Forest Grove and recently moved back, I am very interested in playing a role in shaping our community for the better. I am excited that the city has adopted a new community policing board, I am married to a Washington County Deputy, because of my connection to law enforcement I am interested to see how communities can change and grow within these new ideas of community policing- helping to explore what is working in other cities doing the same and working to find ways for it to fit ours as well. I believe from my current use of both the library and city parks (we have 2 dogs who love the fenced dog park) I am able to provide valuable perspective and play a role in maintaining and growing these services provided to community members. I am interested in learning how this community can become more inclusive to people of all walks of life.

What contributions do you hope to bring to the board(s)?

I am a very kind, energetic, and inclusive leader. I have been a part of many community boards- throughout high school and in college, I was the fundraising manager for the Student Activities Board on campus. While living in Hillsboro I attended my HOA board meetings to be engaged in my community and become more knowledgeable about decisions that affect me and my neighbors. I am very detail-oriented and hope to bring a millennial point of view to the future changes within our community. Being married to a Washington County Deputy I hope to bring ideas and strategies for the new community policing advisory- I am open to others' ideas and opinions and will bring a sense of calm amidst emotionally charged subjects.

List your educational experience:

I graduated from Forest Grove High School in 2009 and attended Western Oregon University in Monmouth. I graduated in 2013 with an Interdisciplinary Bachelor of Arts- with concentrations in humanities, health & human services, and communication. Since college, I have become a licensed Real Estate Broker which is my current profession. I complete continuing education annually and often choose courses relating to the current housing crisis, rental laws, and future forecasting in business.

List any community involvement, appointed offices, elected offices and/or affiliations:

If not appointed at this time, may we keep your application on file?
