Vision Statement: Forest Grove is a friendly, twenty-first century, small, full-service city. It was settled in 1841 by pioneers who valued respect for education, faith, enterprise, service to humanity, and the bountiful resources of the Tualatin Plain. Those values persist to inspire a common vision for a high quality of life in a thriving and progressive community that reaches from its historical commercial core around Pacific University to a horizon of forests, farms, vineyards, and the Coast Range. As an engaged and diverse people, we assure sustainability in our economy and our environment, thus supporting a community that nurtures our youth, educates all residents, and attracts and welcomes visitors. Forest Grove is itself a destination that thrives by design and is our home.
